Subject: Draft motion

Serge

Here is a quick and dirty draft . Jean is fine with the Mayor seconding the motion. Edits and suggestions are welcome

Whereas the truckers' protest has negatively impacted the lives of thousands of Ottawa residents

Whereas there has been ongoing and continuous unacceptable behaviour exhibited by a number of protesters including threats, intimidation, property damage and the use of hateful language and imagery

Whereas the Chief of Police has indicated on several occasions that there may not necessarily be a policing solution to bring relief to the thousands of Ottawa residents

Whereas we as a Council owe it to our constituents to consider any and all options to end this protest and return a sense of stability to the City

Whereas the protesters have made it clear that their dispute lies with Federal and Provincial COVID policies and mandates

Therefore, be it resolved that the Mayor supported by City Council, formally request that the Federal Government appoint an independent mediator forthwith to assist in de-escalating the protest as well as the orderly removal of the protesters and their vehicles from the City of Ottawa.
